## NOTICE OF ALLOWANCE

### ***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance:

It was not found to be taught in the prior art of an object model that comprises a format model that expresses patterns of both noun objects and verb objects, a feature model that expresses features of an object, based on attribute values of the object and which a constraint is attached based on the environment, a cell in which a security matching constraint for indicating a relationship between the format model and feature model in a template corresponding to the format and feature models is described, and a security matching constraint check unit ensures a security of a system by checking the matching constraint described in the cell.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

The examiner has identified multiple, related teachings by the applicant that recite of classifying objects into noun objects and verb objects. However, these

teachings fail to disclose of the inventive concept as is recited above in the reasons for allowance.
